# PREFACE

Srinix College of Engineering (SCE) is an upgraded wing of Balasore School of Engineering (BSE) established in 1998 by the Balasore Technical Education Society with the approval of AICTE, New Delhi and affiliated to Biju Patnaik University of Technology, Orissa to create technical manpower and enhance the standard of technical education in Orissa. The college not only imparts technical education but looks into the moral discipline of the students. The institution has all facilities to develop the student technically so that they would be able to compete in the global economy and find a better position.

Srinix College of Engineering(SCE), a premier technical institute backed by a team with commitment, dedication and futuristic vision, the institute places several challenges before the students, and expects them to brace themselves for the impending responsibilities when they face them in the future.

Becoming a student at SCE is the first step to enter into a meaningful academic environment. Besides quality teaching, the institute provides a wholesome educational experience for an all-round development of personality. It equips the students with right technical skills, human values and social behavior.

This student handbook is designed with an intention to provide the students with essential information on the operational features, course curriculum, academic and other regulations. This will help them to have a satisfying educational experience and to achieve their academic goal smoothly. Students are required to go through the handbook and to follow the rules and regulations during the stay at SRINIX, Balasore. In addition to this, the students are required to go through the Academic Regulations of the Institute available to them in their ERP page and Institute website.

## **VISION**

The vision of the Institute is to impart national standard technical Education at an affordable price through highly qualified and experienced faculties providing of academic conducive environment & making employable through various means to its student, who can be ultimately technically superior, ethically strong so as to place its position safe in the society.

## **MISSION**

The mission of the institute is to implement and achieve the goal projected in the vision of the Institution in a time frame manner through meticulous effort using best available Technology & continuous assessment with stringent measure.

## **INTRODUCTION :**

A teacher should be a friend, guide and philosopher to the students. He/she should maintain a good rapport with the students in such a way that they should feel that the teacher is the loveliest person around and they should not transgress the limits.

The teacher should know that he is being watched by the students, parents, colleagues, management and the society at large.

### **1.0 JOINING PROCEDURES:**

- 1.1. All appointments are made subject to the approval of the President/Secretary of the Institute.
- 1.2. All the vacant posts are to be filled up through the advertisement in the state and national daily newspapers from time to time, as and when required by the management.
- 1.3. On receipt of bio-data / CV of the candidate, he/she is called for an interview. He/she has to appear for a demonstration (demo) before the selection committee followed by technical and personal interviews.
- 1.4. The appointment letter specifies a 7-day period within which the candidate has to join the institute, failing which the institute reserves all rights to cancel its offer of appointment.
- 1.5. A teacher must submit a joining report to the Principal on the date of joining. This must accompany two recent passport-sized colour photographs, photocopies of certificates / testimonials and an up-to-date resume.
- 1.6. All new faculty members remain under probation for a period of one year from the date of joining as specified in the appointment letter.
- 1.7. All the faculty members should have their ID card provided by the institute

## 2.0 **PROFESSIONAL RESPONSIBILITIES:**

- 2.1 A faculty member of Srinix College of Engineering (SCE) has many roles to play, viz. that of a teacher vis-à-vis his / her students, that of an academician for carrying out research, attending to examination or other duties as assigned to him / her from time to time.
- 2.2 Apart from the above, he/she must have good interpersonal relations with his/her peers, which will be directly linked with salary increment, promotion, etc. Good interpersonal relations are a must in an age where teamwork matters a lot.
- 2.2 A teacher's performance in those activities will also be considered at the time of his / her Annual Performance Assessment before finalizing increment, promotion, etc.
- 2.3 A teacher has to perform in many areas apart from class room teaching. He/She has to acquire knowledge by joining different online /offline courses like NPTEL etc. The management of the Institute stress hard along with financial assistance to the faculty members for research work also (Refer to all the points of self assessment form; **Annexure – I**).

## 3.0 **GENERAL CODE OF CONDUCT:**

- 3.1 Being a faculty member, which is seen by the outside world as a responsible member of the Institute, it is desired that a teacher should exercise necessary caution / restraint, while talking about the matters related to the Institute.
- 3.2 People at large are observing a faculty member as a distinguished teacher of SCE and a teacher's general conduct and behaviour in public should be in keeping with the expectations.
- 3.3 It is expected that a teacher will maintain cordial and professional relation with other faculty & staff members of the Institute.
- 3.4 Teaching is a noble profession and SCE provides ample opportunity to its employee for growth. Hence a teacher should not make any distinction

among teachers, students and colleagues on account of their caste, creed, religion, language or sex.

#### 4.0 **CLASSES :**

- 4.1. Conducting regular classes is the primary work of the Institute. The classes should not be cancelled for any reason. If timing of some other duty conflicts with that of a class, then the latter takes higher priority.
- 4.2. The teacher should dress himself/herself properly and always use English; his/her body language and conduct in public should be such that he/she is a decent person from whom a lot of things have to be learnt.
- 4.3. Teachers must be punctual in his / her academic duties, such as lecture classes, laboratories, examinations, answer script evaluation, sessional work etc.
- 4.4. No class should remain unattended by a faculty, when the attendance of the students in the class is poor. A teacher must continue for the full period even when there is only one student present in the class.
- 4.5. It has been observed that many a times classes are not being attended by the student because the subject taught by the concerned teacher doesn't arouse any interest among the students

In order to make the class interesting, it is essential that all faculty members must ensure the lesson plan for the whole semester is uploaded in the intranet prior to the commencement of the class. This enables individual student to come prepared for the class, fully aware of the subject to be taught in the class.

- 4.6. Teachers are to take class tests, give assignments to the students and be transparent regarding their performances so that the results at the end semester do not come as a shock. A teacher must discuss with HOD and Librarian regarding availability of sufficient copies of text and reference books.

- 4.7. Teachers must structure their lectures in such a manner that it is completed within the stipulated time. It needs to be ensured that the teacher who is to take the next period is not inconvenienced.
- 4.8. Appropriate assignments must be given to students at regular intervals, which should also be evaluated quickly and returned with comments.
- 4.9. It is always encouraged to use the teaching aids such as maps, charts, LCD, models whenever required for smooth functioning to help a teacher to design a teaching course effectively.
- 4.10. The classes must not be rescheduled without the prior consent of the HOD & Academic Coordinator.
- 4.11. Teachers have to perform a variety of tasks which include formal instruction in the class room, tutorial classes, laboratories and preparation for instruction, assessment and evaluation of assignment, counseling and guidance of students and development activities. Lesson plan and lesson progress register should be kept up-to-date all the time. The faculty member must also get the lesson progress register verified by the respective HOD.
- 4.12. Apart from the above, a teacher should encourage students to think creatively, give information regarding the latest developments in the field, advise to read in the library, use Internet, etc.
- 4.13. Since students respect only those teachers who have real depth of knowledge. The teachers should enrich his level of teaching on the subject assigned to him/her.
- 4.14. At the end of the class, the teacher should encourage the students to come forward to clarify their doubts beyond the class. In case, he/she is not able to answer the questions put by the students, he/she should not feel disturbed and should tell the students that he/she will clarify the doubts in the next class ( he/she may consult a book, .a senior faculty member, browse Internet, etc for the purpose.)

- 4.15. A teacher should always call/refer to a student by his/her name only, not by the roll number.
- 4.16. The teacher should not write too many things on the chalkboard and should clean it before leaving the classroom.
- 4.17. **Average Workload Distribution of Teachers:**

Sl.No.	Activity	Hours per week	
		HOD	Other Faculty average
1.	Contact Hours (instruction)	8-10	12
2.	Preparation, Assessment, Evaluation	6	12
3.	Administration, Research Guidance and Counselling, Developmental Activities etc.	18-20	10-12
